DETAILED ACTION

- 1. This Office action is in response to Applicant's RCE and amendment filed August 31, 2007. Claims 2-7, 10-12, , 18, and 23-26 have been amended.
- 2. The amemendment filed August 31 is improper. It appears that the Applicant's intention is to resubmit claim set filed November 25, 2005 and further amended the claims to clarify the claim language. However, the amendment must be made with respect to the finally presented claims, i.e. with repect to the claims presented in the amendment filed March 16, 2007.

For this reason, the same rejection in the Office action mailed May 31, 2007 applies.

- 3. In claim 12 of the present amendment, how can a diode warn a user with sounds? This claim would be subjected to 112, 2nd rejection, if the claims were to be treated.
- 4. It is suggested that the Applicant cancel all present claims and resubmit a new set of claims starting with the next higher claim number, e.g. rewriting claim 1 starting with claim number 27.
- 5. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Julie Lieu whose telephone number is 571-272-2978. The examiner can normally be reached on MaxiFlex.

Art Unit: 2612

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Daniel Wu can be reached on 571-272-2964. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.

Information regarding the status of an application may be obtained from the Patent Application Information Retrieval (PAIR) system. Status information for published applications may be obtained from either Private PAIR or Public PAIR. Status information for unpublished applications is available through Private PAIR only. For more information about the PAIR system, see http://pair-direct.uspto.gov. Should you have questions on access to the Private PAIR system, contact the Electronic Business Center (EBC) at 866-217-9197 (toll-free). If you would like assistance from a USPTO Customer Service Representative or access to the automated information system, call 800-786-9199 (IN USA OR CANADA) or 571-272-1000.
